

# SILICON VALLEY HIGH SCHOOL®

ONLINE HIGH SCHOOL CURRICULUM PROVIDER

Silicon Valley High School provides students enrolled in high school or home school organizations with innovative, relevant and compelling online High School programs. Catch up on credits for graduation, or choose an elective from our course catalog.

- Our courses are available online 365 days a year. Start at any time during the year.
- Courses are self-paced to accommodate each student's needs. Students work at their own speed and have the ability to complete a course in time for graduation.
- Courses are designed to meet the common core curriculum. Course sections are mapped to the relevant academic standards.
- Consistent affordable price. \$95 for a five credit course, and \$150 for a ten credit course.
- Many of our courses are approved by the University of California (A-G requirement).
- We have a growing catalog of core high school courses and relevant electives for the Internet generation.

Check with your school to see if they accept our courses on their transcript. For more details and to review course descriptions, visit:
